THE OPEN PUBLIC HEALTH JOURNAL

ISSN: 1874-9445

The Open Public Health Journal is an Open Access journal which publishes original research articles, reviews/mini-reviews, short articles and guest edited single topic issues in the field of public health. Topics covered in this interdisciplinary journal include: public health policy and practice; theory and methods; occupational health and education; epidemiology; social medicine; health services research; ethics; environmental health; adolescent health; AIDS care; and mental health care.

The Open Public Health Journal, a peer reviewed journal, is an important and reliable source of current information on developments in the field. Emphasis is placed on publishing quality papers, making them freely available to researchers worldwide.
